PRESIDENT: The committee amendments are adopted. Senator Wesely.

SENATOR WESELY: Thank you. In summary then, LB 767, as Senator Kahle says, originated from the fact that we repealed the Petroleum Products Testing Program that we had. We found that that caused problems and petroleum marketers came back to me, gasohol people, others said, we've got to do something about it. We've got to get the program back on the books and this is what the bill does for two years and then we'll work on how we improve that program in the future. Would like to ask the bill be advanced. Thank you.
